SECOND SIGHT—PROFESSOR ROBERT HELLER.

the great winard and conjuver, is now performing nighting, at Chinese Hall, Broadway, N. Y. His performances are creating the greatest possible excitement among all classes of the community of New York, and a great degree of good has been accomplished during the past fortuight by the Professor, which can be readily conceived by his thorough exposure of the entire system of the Rappings. Week after week we hear of fresh additions to the awful list of deaths by suicide, or what perhaps is even more borrible, the loss of the mind, and all caused by the damning fraud. Every one must see the trick as a trick, and Professor Heller is the only man who can complete it. Mon, women, fathers, mothers, sisters, brothers, little children, are all equally likely to be the next victims; but once see Heller, and the charm is destroyed. The other wonders, too numerous to mention, including the wondrous Second Sight, Target Practice Extraordinary, &c., will continue every evening, with fresh additions and novelties. The entertainments are, without exception, the mest attractive in the city. Professor Heller's work on Spirit Rappings, with diagrams of the machinery employed, will soon be ready.
